

July 29, 2004

Dear Paramedic Intern Candidate:

Congratulations, you were successful in passing the Paramedic Intern Oral Interview Examination for the Sacramento Metropolitan Fire District. Your score placed you in the group that will continue further testing. Please read this letter carefully as it contains explanatory information of your next appointment in the examination process.

The next phase of the process will be an assessment of candidates physical abilities. The District will use the Candidate Physical Ability Test (CPAT), developed by the International Association of Firefighters and the International Association of Fire Chiefs to assist in this evaluation. This is a structured test process designed to evaluate whether candidates possess the minimum level of fitness to enter training for the demanding occupation of Firefighter.

The CPAT Exam is scheduled for Saturday, August 21, 2004, and will be conducted at McClellan Park, formerly McClellan AFB, 2409 Dean Street, in building 686. Please see the attached map. **Your appointment time for the Exam is listed below next to your Oral Interview results.**

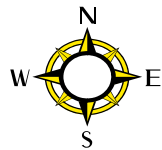

Please be prepared to spend approximately three (3) hours at the CPAT. To participate in this physical ability test, you must wear comfortable clothes with the following requirements: Long pants and non-slip shoes are required. Open toe and open heel shoes will not be allowed. Candidates that appear without the appropriate attire will not be allowed to participate in the test events. **No other exam times will be available.**

On the day of the CPAT examination, you must arrive at the test site no more than fifteen (15) minutes before your appointed time. Candidates must wear the appropriate attire as previously specified above. Candidates that appear without the appropriate attire will be deemed to have failed to complete the testing process. After check-in, you will be given an opportunity to participate in a warm-up and stretching period. You will then be given instructions regarding the test procedure before entering the testing area. After you have completed your test, you will be sent to a cool down area where your vitals will be taken and further information will be given before your release from the test site.

Please remember that an important part of the overall testing process is your ability to follow instructions. Do not contact a District station, training personnel, or District Administration regarding this testing procedure. If you do not plan to continue with the testing process, please contact the Human Resources Division at 916-566-4433. We wish to thank you for your interest in becoming a part of our team and hope that you find this process a valuable first step in a long and health fire career.
